UFO Sightings 

A satellite view of Earth from space, showing the curvature of the planet, clouds, and city lights at night. The image is taken from a high altitude, looking down at the Earth's surface. The horizon is visible, and the Earth's atmosphere is seen as a thin blue layer. The city lights are concentrated in the lower right corner, while the upper left corner shows the dark, starry sky. The overall image has a grainy, high-contrast quality, typical of satellite photography.[illegible]
